2016-2017 Overview of Programs

In-School Residencies & Programs

*“Logic will get you from A to B.
Imagination will take you
everywhere.”* *-Albert Einstein*

Golden Isles Arts & Humanities offers **free programs and residencies** for Glynn County Schools! These are programs that can come to your school be it for a single class or for the entire school. In the past we have brought in artists to participate in school arts festivals, create murals in the hallways and much more. For 2016-17, we currently playwriting workshops available for middle grade students that will assist in their participation in the Young Playwrights Award. All you have to do is call us to schedule.

Want something totally different for your class?

Great! If you know a specific program you'd like us to bring to your school, Fill out the Arts-In-Education Application and send it in. Please make sure the programs you request are tied to specific curriculum or to a community event (like The Big Read).

Want something totally different but you're not sure what?

If you have a general idea but would like us to do some research and make suggestions simply fill out the Arts-In-Education Application and send it in. Please make sure the programs you request (and dream up) are tied to specific curriculum or to a community event (like The Big Read). Arts-in-Education programs can, and have, included teacher training.

The **application** is available to download in the Education section of our website, goldenislesarts.org.

All In-School Residencies & Programs are available first come, first served and at no cost to your school. Please contact artsed@goldenislesarts.org or call 912-262-6934 to check availability.
